

FRANCE'S COURSE ENDANGERS WORLD PEACE -- BALDWIN

Britain Drafting Reply To
German Note; To Act
Alone, Says Premier.

SAYS GERMAN RUIN
WILL HURT EUROPE

British Leader Also Sees
No Justification For
France's Course.

London, July 12.—Great Britain will
draft a reply to the latest German
note on reparations and submit it to
the allied powers for their approval.
Premier Stanley Baldwin announced
in the house of commons this after-
noon.

"We hope the allies will join with
us," the prime minister said.

"If they do not, England will be
forced to act independently."

France's course is endangering the
peace of the world, Baldwin said. "It
cannot be made too clear," he added,
"in the interest alike of the powers or
any who hope to profit from exploiting
Germany, the difference between but-
rest on the sole ground of the emer-
gencies as to means of reaching the
ends upon which all agreed."

"England has never wavered," Bald-
win said, "in her determination that
Germany should pay."

"We are determined as any of our
allies that Germany should make
reparation for damages of the great
war through her full capacity."

"But," he said, "we are convinced
that measures which will result in the
ruin of Germany will be fatal to Eng-
land, to the allies and the whole of
Europe."

"Germany appears to be moving rap-
idly towards economic chaos," Bald-
win said.

French Course Not Justified
"This chaos may be succeeded by
pressure and industrial ruin and there
is a genuine apprehension that she
may shortly face a serious work
shortage."

"Hope of recovering of her credit
and the consequent authority to pay
her debts is receding into the grim
distance."

"There is no justification for the
French course," Premier Baldwin de-
clared. "It would be difficult to justify
it even in time of war."

Opinion throughout the world, the
premier said, has become charged
with alarm.

Recovery of the world's peace has
been at stake in the conversation be-
tween England and her allies, he said.
They have not yet met with any posi-
tive results.

Security for the world, Baldwin said
rests upon three points.

"Peace cannot be secured until these
three questions are settled," he de-
clared.

One is the payment of the reparations.
Another is the settlement
of the interallied debt. The third is the
security of a pacified Europe.

Girl Blinded By Years In Dark Cell

Mary Alexis - Nurse

An astounding case of parental cruelty was
bared in Memphis, Tenn.,
when a 10-year-old girl, known only as Mary Alexis, was examined by sur-
geons in St. Joseph's hospital there. The child is almost entirely blind
as a result of four years' imprisonment in an underground cell, constructed
by her parents because she was deformed at birth. A plumber, making re-
pairs in the cellar of the home, heard sounds and traced them to a sub-
cellar, where, in total darkness, he came upon the emaciated, grime-stained
child. The girl has been in the hospital under treatment for three years,
although her case has just become publicly known.

RECTOR REVIEWS NEGRO PROBLEM

Two Million Negro Children
Not In School; National
Menace, He Asserts.

Such questions as ignorance of God,
ignorance of causes of poverty and
war and the negro problem were re-
viewed by Rev. F. S. Eastman, the rec-
tor, at a meeting of the Social Study
club of the Episcopal church Wednes-
day evening at the parish hall. About
20 people attended and nearly all of
them participated in the discussions.

In speaking of the negroes Rev. Mr.
Eastman pointed out that after seven
years of good training in the south-
ern mission schools the negro chil-
dren universally turn out thrifty and
honest workmen. He stated that the
fact that there were 2,000,000 negro
children not in school, was a menace
to the nation. The next meeting will
be the second Wednesday in Septem-
ber.

Reilly Field Hours Changed; Horseshoes Popular In Evening

Community service announces a
change in the hours of supervision at
Reilly field. Instead of morning and
afternoon the hours will be afternoon
and evening.

This is due to the popularity of the
field in the late afternoon and even-
ings. It is also due to the desire of
many of the men for horseshoe pitch-
ing in the evening.

The last two evenings rain has
come at an inconvenient time but the
field will be open this evening and
all who would like to try their luck
at one of America's favorite pastimes
are welcome.

To Study Open Head Horticultural Plan

Horticulturists of this county will
gather Saturday for their annual tour.
This year they will go to Canton by
motor, leaving Salem at 9 a. m.

One of the chief missions of the
tour is to inspect the "open head" sys-
tem of horticulture in use near Can-
ton, according to County Agent C. E.
Rowland of Lisbon. This method is
not used extensively here, members
preferring the closed-head system
whereby the branches are permitted
to go as far as they may. The other
method consists of cutting upper
branches in order to concentrate on
the lower limbs the fruit yield of the
tree.

Two New Houses Are Destroyed By Blaze

Cleveland, July 12.—Two new

while supervising completion of their

plant, clay and coal deposits at Green-
field. The new owners have already
taken possession, it being their inten-

Miss Girsberger Speaker Here; To Leave For China

Miss Freda Girsberger, Alliance, who
will leave early in September for
China, gave a splendid talk at a mis-
sionary service Wednesday evening
at the First Friends church, arranged
by the Pollyanna class of the Bible
school.

Miss Girsberger's talk was chiefly
of Jesus, whom she termed as the first
missionary. She emphasized the need
of Christians tarrying until they were
endued with the Holy Spirit, an equip-
ment for service. The speaker told
some of her personal experiences in
receiving answers to prayers while
working her way through the Cleve-
land Bible institution from which she
was graduated in May.

Miss Girsberger goes to the mission
field under the direction of the mis-
sionary board of Ohio Yearly meeting
of Gurney Friends.

Rev. M. M. Coffin conducted a devo-
tional period preceding the program.
A missionary playlet entitled, "Jesus,
the Light of the World," was presented
by the assistant teacher of the
class, Miss Minnie Lewis, and these
members of the class, Doris Parsons,
Gould Blackburn, Ethel Coy, Clara
Wharton and Isabel Derr.

The story portrayed was that of a
young girl who had planned to engage
in social service work, and after a
vision in which Jesus appeared to
her and pointed out the need for work-
ers in His great harvest field, she
changed her plans for her life work
and decided to go as a light bearer for
Jesus to the women of India.

Other numbers on the program
were two piano solos by Lorene
Jones; a vocal duet by Misses Naomi
and Isabel Derr, accompanied by their
mother, Mrs. Edgar Derr; a vocal duet
by Mrs. Edgar Derr and Mrs. Grant
Elton, accompanied by Miss Martha
Parks, and a reading, "The Church in
Lucerne Hollow," Miss Pearl A. Walker.

Auto Turns Over But Salem Man Is Unhurt

A large touring car driven by a Mr.
Lewis of Salem, skidded and upset at
the bottom of a hill three miles east
of Salem on the Millville rd. Thurs-
day morning.

It is reported that Lewis attempted
to turn the sharp curve in the road
after he descended the hill and that
the heavy car with the momentum
gathered going down the hill skidded
off the right of the road and overturn-
ed.

Lewis was unhurt. The rear axle
of the car was broken and the wreck-
ed car was towed into the Chalfant
garage.

Employ Local Men On Memorial Home

Salem's fine memorial building is
well started. The excavation is al-
most completed and in a few days the
construction work will be begun. The
local superintendent for the Boldt
Construction Co. stated yesterday that
since this is a community building
which is to serve all the people in
the city, it is his desire to employ just
as many local men on the work as
possible.

DECLARES DOLLAR WHEAT MEANS RUIN FOR MANY FARMERS

Thus Head Of Farm Bureau
Epitomizes Situation
Facing Grain Belt.

BANKRUPTCY SEEN
IF PRICE IS LOW

Consumer Will Benefit For
a Time, Then Pay Big
Price, He Says.

Chicago, July 12.—"Dollar wheat
means ruin for thousands of farmers
all over the United States."

In these words O. E. Bradfute, presi-
dent of the American Farm Federa-
tion Bureau, today epitomized the
situation facing the great army of ap-
proximately 3,000,000 wheat farmers in
the grain belts following a drop of
10 cents a bushel on wheat in the
past two weeks.

"Continuance of wheat at the dollar
a bushel means nothing short
of bankruptcy for the thousands of
farmers, who are dependent on the
price they get for their wheat for a
livelihood," said Mr. Bradfute. "Un-
less there is an immediate upward
turn of the market for which at pres-
ent I can see no hope, there will be
nothing for these farmers to do except
throw up their hands and quit or put
themselves heavily in debt in order
to survive until better prices prevail."

"Dollar wheat in Chicago means that
the farmer is unable to purchase the
necessaries for himself and his fam-
ily."

"The farmers' purchasing power is
based on the price his wheat brings.
When it is low, he has to deliver more
wheat to secure a dollar's worth of
merchandise. The more wheat he has
to deliver for each dollar's worth, the
quicker his supply is exhausted and
the less he gets for his money."

80 Million Dollar Loss

Mr. Bradfute declared that the loss
to the farmer in revenue from wheat
based on a crop of 800,000,000 bushels
has been approximately \$80,000,000
during the past two weeks when
wheat dropped from \$1.10 a bushel
to its present level of \$1.

The immediate effect of this, he
said, will benefit the consumer slight-
ly for the time being by causing
cheaper flour and its products, but the
ultimate effect will be to cause the
consumer to pay higher prices when
thousands of farmers are forced to
throw up their hands and quit produc-
ing on account of inability to get
enough for their product to sustain
themselves.

"Dollar wheat means simply that
the farmer will be unable to meet his
obligations or do much of anything
else. The ultimate effect of this on
everybody is not hard to foresee."

"Every section of the United States
will be affected either directly or in-
directly. The only salvation is that
wheat will shortly take an upward
turn. Frankly, I am unable at pres-
ent to see much hope for this. The
farmer has over-produced."

SALEM MAN FREED IN MASSILLON CASE

Had Been Held For Selling
Milk Which Failed To
Pass Inspection.

Arrested here Monday by Salem po-
lice on orders from Chief of Police
Ed. Wertle of Massillon and taken to
that city to face a charge of selling
milk unfit for beverage purposes, Tom
Sarrah of this city, was released Wed-
nesday after proving his innocence of
the charge.

Sarrah had worked as a waiter in
the restaurant of Peter Dariositis in
Massillon and had quit his job the day
before authorities claimed he had sold
the milk to a city food inspector in
the restaurant. On arriving in Salem,
Sarrah was arrested by Officer W. L.
Kirkbride and later turned over to the
Massillon police.

Sarrah explained Thursday on his
return to Salem that it was the pro-
prietor, Dariositis, who sold the milk
and that the inspector mistook Sar-
rah for the wanted man in swearing
out his warrant. Dariositis was ar-
rested Wednesday and lodged in the
Massillon jail to await trial.

Town Tables Boast It Never Had Murder

Cincinnati, July 12.—The boast of
Cleveland, O., that it never had a murder
was tabled last night when Nathan
Hanks, 53, bartender in the cafe of
Gus Robbe, died at General hospital,
Cincinnati, of gunshot wounds re-
ceived July 4, after an argument with
Benjamin Walford, 36, Hooten, O.

According to Marshal C. W. Baiser,
Hanks accused Walford of intentional-
ly breaking a glass and Walford drew
revolver and fired.

Five Damascus Residents In Birthday Gathering

dents of Damascus, four of whom are
of the Friends denomination and one
Methodist have assembled to cele-
brate their birthday anniversaries
together.

Four of the company are more
than 75 years of age and two are
now in ill health, but all look for-
ward eagerly from year to year to
the festive occasion. Each of the
honored guests is permitted to bring
to the annual dinner one member of
their family and the guest list usual-
ly is composed of 12 closely interest-
ed friends or relatives.

Thursday was the day of this annual
event. The party was held at the
country home of Mr. and Mrs. James
Cameron, one mile south of Damas-
cus, who were assisted in entertain-
ing by Mr. and Mrs. B. E. Cameron.
Their father, Hiram Cameron, is one
of the five instigators of the annual
affair. The dining table was beauti-
fully decorated with sweetpeas and
other garden flowers which were
planted in the home decorations.

John Cope, Hiram Cameron, George
Galley, Jesse Edgerton, and Mrs.

SALEM DRY AGENTS RELIEVED OF DUTY ON CHIEF'S ORDER

Volunteer Agents Who Fail
To Give Bond Relieved
Of Authority.

Five Salem men are among two
dozen prohibition enforcement officers
who have been relieved of their volun-
tarily assumed duties by Prohibition
Commissioner B. F. McDonald with-
in the last few days. These men are
F. W. McKee, J. P. Harman, H. R. Low-
ell, George Titus and A. R. Ritchie.

There still are 50 volunteer enforce-
ment officers on the rolls, but those
that remain are under \$2,000 bond
each to commit no unlawful acts. The
bonds will cover false arrests, im-
proper searches, disappearance of
property during raids, destruction of
property and injury to persons.

According to McDonald, a few of the
officers live on portions of the fines
obtained from convicted violators of
the prohibition laws, some are paid by
corporations, some by local law en-
forcement organizations and some by
municipalities. He has, at times, en-
gaged a few of them to work on spe-
cial cases for the state, he said.

The cancellation of enforcement
cards for those unable or unwilling to
give bond for faithful performance of
duty is the direct suggestion of Gov.
A. V. Donahy, annoyed by recitals of
improper deeds of enforcement offi-
cers, McDonald explained. The gov-
ernor gave them ten days in which to
comply with the order.

FISHERMEN'S BOAT OVERTURNS; 2 MEN THROWN INTO LAKE

Ralph Sturgeon Swims To
Boat But Companion
Goes To Bottom.

BODY IS RECOVERED
AFTER LONG SEARCH

Lifesavers Of Youngstown
Dive Many Times Be-
fore Finding Body.

George Dan, 46, Pershing ave. gro-
cer, was drowned in Pine lake, near
North Lima, at 3:45 p. m. Wednesday
while fishing in the middle of the
lake with Ralph Sturgeon, East Ninth
st. The body was recovered about an
hour later.

The men had been out since noon
in a small fishing boat. Both were
standing up in the boat casting. As
Dan made a long cast he accidentally
slipped, throwing the two men into
the water.

Weighted down by the heavy rubber
hip boots which he was wearing Dan
was unable to make the shore which
he made diving efforts to reach, and
sank before help could reach him.
Sturgeon, also attired in heavy
boots, swam to the boat and succeed-
ed in climbing back in. He madly
rowed the boat over to the spot where
Dan's body was last seen but as the
water is very deep in this spot he was
unable to find any trace of the body.

Sturgeon, who had barely escaped
the fate of Dan, came to shore and
notified the Youngstown police to
send a pumotor. After some delay
Sheriff Paul Lyden of Mahoning coun-
ty accompanied by James Welsh and
F. Costello of Youngstown arrived.

Life Saver Finds Body

Welsh and Costello, who are ex-
pert lifesavers, dived down into the
lake but were unable to locate the
body of the drowned man. About 4
o'clock Welsh, who had made contin-
ued efforts to locate the body, touched
it many yards from where Sturgeon
last saw Dan. With the aid of Costel-
lo, Welsh brought up the body.

Both men tried to revive Dan but
his body had been in the water an
hour and all efforts failed to resusci-
tate him.

The body was taken to a Youngs-
town undertaking parlor and later
brought to Salem.

Dan was born in Rumania and with
his wife came to Salem from there 16
years ago. He had always engaged in
business in the city and at the time of
his death operated a grocery store at
61 East Pershing ave.

Surviving are his wife, Marie, one
daughter, Aurelia, and a son Charles.

Funeral service will be at 2 p. m.
Friday at the home, 61 East Pershing
ave, in charge of a priest from Can-
ton, Internment in Grandview burial
park.

William R. Day
JUDGE WILLIAM R. DAY, who died,
 was among other things an exam-
 ple of President McKinley's power to
 attract good friends and to choose
 men of ability for public office. Mc-
 Kinley and Day were both Canton
 men. Day was one of the trustees—
 H. H. Kohlsaat and Myron T. Herrick
 were the others—who took charge of
 McKinley's finances when the bank-
 ruptcy of Robert L. Walker, whose
 notes McKinley had indorsed to the
 extent of \$130,000, threatened to put
 the major out of the political run-
 ning.

It was Day to whom McKinley turned
 when it was obvious that the in-
 firmities of age had unfitted John
 Sherman, secretary of state, for the
 most important duties of his office.
 The faith of the president in his
 friends must have been great when
 he assigned him, a man utterly un-
 acquainted with diplomatic routine, to
 take hold of the state department. Yet
 Judge Day justified that faith in his
 efforts to avert the war with Spain, in
 his negotiations for the protocol at
 the end of hostilities and his conduct
 as chairman of the Paris commission
 which drew the treaty of peace.

Considering the fine record which
 Day made in arranging the peace of
 1898, it was not surprising that Presi-
 dent Harding should have turned to
 him when Germany agreed to accept
 an American as umpire of the mixed
 claims commission. Justice Day ac-
 cepted the appointment with the same
 unselfish spirit which marked his
 whole public career. When he real-
 ized that he could not well continue
 in the supreme court, where President
 Roosevelt put him twenty years ago,
 and also act as umpire in this impor-
 tant adjustment, he resigned from the
 bench. Now death has robbed the
 United States and Germany of his
 services as umpire.

Few public servants have devoted
 themselves more assiduously to their
 tasks than William Rufus Day. He
 was an example of single minded
 loyalty to his country and his profes-
 sion. Never did personal ambition
 swerve him from fulfilling his concep-
 tion of what was just.

Death For Women

TWO WOMEN, on whom the death
 sentence has been imposed by the
 court, are in American prisons await-
 ing whatever the future may bring.
 Both were found guilty of murder, one
 in New York, the other in Chicago.
 Sentence was pronounced on both
 the same day. The New York woman
 is sentenced to die in the electric
 chair, the woman in Chicago to die
 by hanging.

While humanity shrinks at the
 thought of a legal execution for a
 woman, that penalty has been inflic-
 ted in this country and in Canada. In
 New York one woman has died in the
 electric chair, but Chicago has not
 yet hanged a woman, even when the
 court pronounced that sentence. Only
 a few weeks ago in Canada a woman
 was hanged for murder. She was a
 member of a rum running gang that
 killed a police officer. The case was
 given review and consideration by all
 appellate authorities in the govern-
 ment. One after the other the au-
 thorities refused to interfere. It was
 a case of murder, proven in court, and
 the sentence was carried out.

There have been many murders by
 women in this country in recent years
 had many outrageous miscarriages of
 justice. Woman after woman, un-
 doubtedly guilty of murder, has smiled
 her way past the danger in court and
 gone free. Prison terms have been
 imposed on others, few juries being
 willing to agree to a verdict that car-
 ries the death penalty. The woman in
 Chicago was inconspicuous, the wo-
 man in New York had reeled in
 wealth for years. In each case murder
 was done to get rid of a man who was
 in the way.

There is little in either case to ap-
 peal to the public if the women seek
 to have the sentences commuted to
 prison terms. So far as the story
 has been made public, each was a
 sordid murder, deliberately planned
 and executed. No one knows what
 course Gov. Smith and Gov. Small

may follow when the noisy campaign
 for commutation is put under way,
 but the fact that the death sentence
 was imposed on two the same day
 may be taken as a warning to women
 who seek to be rid of men found in
 the way.

20 YEARS AGO

(Issue of July 12 1903.)
 Work has been commenced on the
 new residence to be built on McKin-
 ley ave. by Rev. W. L. Swan.
 Judge and Mrs. W. W. Hole, of
 Broadway, and Atty. and Mrs. F. J.
 Mullins, Lincoln ave., returned last
 night from Put-in-Bay, where they at-
 tended the annual meeting of the
 State Bar association. Atty. Mullins
 was reelected a member of the exe-
 cutive committee from the Ninth dis-
 trict.

After an illness of two years, Mrs.
 Ella Amelia Smith, wife of Daniel
 Smith, died Friday evening at her
 home, Rose st.

During the heavy storm Friday
 night lightning struck the residence
 of Norman Bleam, south of the city,
 and damaged it considerably.

A bad freight wreck, involving 15
 cars of an extra eastbound train, load-
 ed with iron ore, occurred Friday
 evening, just west of the Main st.
 crossing. No one was injured but the
 property loss was heavy.

Atty. W. C. Boyle, Cleveland, passed
 through the city Thursday evening
 enroute to New York, from where he
 will sail Saturday for Europe to join
 his wife and daughter.

The young society crowd of the
 East End made up a hay ride to Shel-
 ton's grove last evening.

City Auditor George Holmes and
 wife will leave Monday for Cambridge
 Springs, Pa., where they will spend
 two weeks.

Miss Grace Post has resigned her
 position in the Silver Manufacturing
 company office, to accept a position
 at the Columbiana County Telephone
 company office, succeeding Miss Eva
 Harris.

Beginning today employees of the
 Deming company will have Saturday
 afternoon holidays during the summer
 months.

SUNSTROKE AND HEAT STROKE
 Perhaps you have never thought
 that there was any difference between
 sunstroke and heatstroke.

But sunstroke is usually where one
 is working hard out in the hot sun
 and the rays simply cause a sudden
 collapse. There is no marked rise in
 the temperature, and the recovery
 takes place in a short time under the
 ordinary treatment of a shady spot
 and cold applications to the head.

But the heat stroke is not neces-
 sarily due to the direct rays of sun but
 more to the actual high temperature,
 with that other big thing, humidity.
 Humidity is really at the bottom of
 the trouble.

And what is humidity? Just what
 its name implies—moisture.

You see if the air around you is
 full of moisture it really does not
 want the moisture from your body, it
 will not take it up. Thus the evapora-
 tion from your body is so small that
 you can't get rid of the heat. Your
 heat regulating center gets put out of
 balance. It is the hot quiet moist
 day that is so trying on that body of
 yours.

So if you feel the slightest signs of
 headache, sleepiness, giddiness, and
 a feeling of oppression, either look
 after yourself or get somebody else
 to do so at once.

You see you've got to get the body
 cooled off, and you must also see that
 your strength is maintained.

So get a cool shady spot and get
 cold water to the head, chest, and
 back of neck. This will lower your
 temperature which is the first thing
 necessary.

Then you must follow this with the
 same treatment as a person rescued
 from drowning. You remember the
 treatment—heat. You see in applying
 the cold water to reduce your temper-
 ature your system gets a severe shock.
 To overcome this shock hot bottles to
 abdomen, spine, and feet is the best
 treatment.

If under this treatment the skin be-
 gins to perspire you will soon be all
 right again. Sometimes artificial res-
 piration becomes necessary.

Remember then in the ordinary sun-
 stroke a shady place and cold water.
 A heat stroke is a real serious condi-
 tion requiring a physician's care. If a
 physician is not available treatment
 as above is absolutely essential.

CONGRESS RECORDS HAVE GOOD TALES

MYSTERY STORY OF THE \$2,000
WHICH MAJOR HOWARD LOST
IN THE PHILIPPINES.

NO SOLUTION EVER OFFERED

Bill for Increase of Widow's Pension,
and Why It Was Not Passed—Joke
Was on the Too Perfunctory Con-
gressman.

By EDWARD B. CLARK

Washington.—Sometimes one has to look over the records of past congresses. For the most part it is dull work, whether the records are of a past or of a present congress, but occasionally one finds something which really stands apart from ordinary things in its interest.

This is a day of detective stories. They are said to be money-makers. Some hundreds of authors are looking for mysteries with which to start their yarns. Here is a mystery for them out of the records of congress, and if they can solve it properly the sequel of the original story will be good reading.

The late Senator Julius Caesar Burrows of Michigan asked congress to reimburse Maj. Samuel Howell, an army paymaster, for \$2,000 which disappeared while it was under his charge in the Philippine Islands.

Now the day the money was discovered to be missing Major Howell made it good by a personal check on his private bank account, so the government lost nothing. There never was the slightest suspicion that Major Howell was culpable in the case in any way. The money simply disappeared, and that was the manner of it.

How Riches Took Wings.

The paymaster was traveling through the Philippine Islands with an armed guard. He had with him a chest containing a large sum of money with which to pay the troops at the different camps. The chest was double-locked at all times, and night and day a sentinel stood by it with a loaded rifle in his hands. No one had keys to the treasure box except Major Howell, and he kept them fastened to his person by a strong chain.

One night the money in the chest was counted. The sum was found to be correct. The doors were closed, double-locked and the sentries were put on duty. The next morning Major Howell opened the chest and found that \$2,000 was gone. This amount had disappeared while the money box was double-locked and under the watch and ward of a sentinel standing so close to it that he could touch it with his rifle. There were no duplicate keys, and the originals were of the kind almost impossible to counterfeit. The sentries guarding the box were changed every two hours. Apparently riches in this case literally took wings and flew away, passing through the walls of an armed chest in their flight.

As has been said, Major Howell made the loss good by a personal check on his own bank account and did it instantly. Not one cent of the money ever was found nor was suspicion ever directed to any person. The case is one of the army mysteries to this day, and in it perhaps is the opportunity for a modern day solver of riddles to exploit and disclose his ingenuity.

Why One Pension Bill Failed.

Here is another case out of the records which is not a mystery case, but just a case that is "somehow different." A former member of congress, the name of whom is not necessary for the story, was asked to use his influence to secure an increase of pension for the widow of a soldier. Papers were forwarded to him which bore on the case and these, after his bill to relieve the widow had been introduced, he turned over to the committee on pensions without reading them.

The widow did not get her money, and it was not long before the whole house of representatives knew why. This member who had espoused the widow's cause had been in congress for years and the joke at his expense was too good to keep, and so one after another of his colleagues walked up to him and congratulated him on the excellent shown in the plea in written form which he had turned into the committee in order to win the widow's money.

The bill was included in the papers which the member had not read. He found he had asked the committee on pensions to increase the allotment to the widow of the soldier hero on the ground that "she comes of good family, and is in the best social circles and is in need of a large sum of money to keep up appearances."

Here is another record case: Former Senator Latham of South Carolina introduced a good roads bill calling for the expenditure of government millions for the improvement of the highways. Automobileists all over the country began sending in letters of approval. They pressed their friends also to write, but that they did not always pass judgment upon the persuasive merits of the friends' productions is shown fairly well by a letter on the subject to the late Senator Cullom of Illinois. It reads like this:

"Dear Mr. Cullom—Please vote for this good bill, and you will oblige a fool friend of mine who runs an automobile. Yours more or less sincerely—"

THEATRES

"Dusk To Dawn"

An unusual plot presents itself in "Dusk to Dawn," the King Vidor-Associated exhibitors feature drama which brings Florence Vidor back to the high school auditorium Friday and Saturday. Therein Marjorie Latham agrees to rescue a young man from the toils of a designing woman, if said young man's father will stay prosecution of her brother, accused of forgery.

When the young man forgot the "designing woman," Babette by name, he fell headlong in love with Marjorie, who refused to marry him because of strangely realistic dreams in which she seemed to lead another life.

To his mind it was a poor excuse, and he informed his dad that he was "going to the devil." Straightway that reminded Marjorie of her broken promise. She realized then that her only chance was with Babette, so she posed as a woman of Babette's type. Those were dark hours in Marjorie's life, but as dawn follows dusk, so did happiness follow Marjorie's sufferings to reward her for her sacrifices.

A cast of well known players gives

Miss Vidor leading support, Jack Mulhall, particularly remembered for his acting in "Turn to the Right," is leading man. Others are Peter Burke, Truman Van Dyke, James Neill, Nellie Anderson and Lydia Knott.

Did Fanatic Kill To Save Her Soul?

Dorothy Kauffman Intl

One of the strangest murder mysteries of recent years was the slaying to death of Dorothy Kauffman, a governess in the home of Magruder Craighead, near Scarsdale, N. Y. Born in a Mennonite colony, in Maryland, and given a college education, the girl became principal of the Mennonite school at Sheltown. But the restrictions of the Mennonite faith palled on her. She wanted pretty clothes, like other girls. So she left home and went to work as a servant—and the first thing she bought was a pretty dress. Officials, unable to solve the slaying, declare the belief that she was killed by a fanatical Mennonite, who thought thus to save her soul.

SEEK RATIFICATION OF NAVAL TREATY

Washington, July 12.—In accordance with agreements reached at the Washington conference, the state department today made preparations for the formal exchange of ratifications of the four-power Pacific treaty and the naval limitation treaty, signed here on December 13, 1921.

Although the terms of the treaties have been generally observed by the signatory powers ever since they were concluded, the facts do not actually become effective until ratifications have been deposited in Washington. Final acceptance by France of the Pacific and naval treaties now clears the way for the diplomatic formalities which will mark the accomplishment of the work of the Washington conference.

When the four-power treaty goes into effect, the Anglo-Japanese alliance, signed in London on July 13, 1922, will be automatically terminated.

SIMPLE FUNERAL SERVICE FOR DAY

Canton, July 12.—Simple funeral services characteristic of the life he had led, marked the end of former Supreme Court Justice William R. Day here this afternoon. The body was laid to rest in beautiful Westlawn cemetery, only a short distance from the tomb of William McKinley, his great friend and the president who started the former justice on his long career of honorable and highly important public service.

The funeral was such as the justice would have desired, had he had anything to do with the arrangements. All day long beautiful floral pieces were delivered at the quiet old home of the deceased jurist, until the living room was banked solidly. Flowers, the last tribute came from all sections of the country. Felicitations have been pouring in to members of the family for three days, coming from men high in public and private life.

ISSUE PREMIUM LISTS FOR FAIR

The premium lists for the Columbiana county fair, which will be held Sept. 11, 12 and 13, are being mailed to members of the agricultural society and former exhibitors. The list is a lengthy one and premiums are offered in all classes of farm products, including livestock, fruits, grains, manufactured articles, educational work, sewing, baking and canning.

For the annual races the society has devoted the sum of \$2,400 and six races are listed. On Wednesday, Sept. 12, there will be two trotting races in the 2:24 and the 2:15 class, also one pacing race in the 2:18 class; on Thursday two pacing races in the 2:24 and 2:15 classes and one trotting race in the 2:19 class.

\$6,150 In Treasury Certificates Sold Here During June

In announcing that the sales of Treasury Savings certificates at the Salem postoffice amounted to \$6,150 during the month of June, Postmaster Mounts called attention to the fact that all the money lost by the general public during the past few months in the crash of many brokerage concerns could be attributed to the fact that people neglected to hear in mind the thought that the prime essential of any investment or method of saving is safety of principal.

"Unscrupulous individuals and companies are still able to garner large sums for so-called 'investments' and 'get-rich-quick schemes' of an unscrupulous character," stated Postmaster Mounts. "Many persons are led away from the path of safety by the glamour of a high rate of return. If people would only look before they leap when they contemplate investing their money many losses could be avoided."

The postmaster calls attention to the fact that Treasury Savings Certificates, backed by the entire resources of the government, increase in value month by month. These certificates are free from all state and local taxes except estate and inheritance taxes and the normal federal income tax. They can be purchased in denominations of \$1,000, \$100 and \$25 through the local postoffice.

Wanted, Men To Repair Road So Dust Wont Bury Autoists

Lisbon, July 12.—Anyone knowing where to round up a crew of husky men willing to work on roads will confer a favor upon travelers of the county by notifying Lloyd C. Kirk, county engineer.

Kirk badly needs such a crew. With out it, he says, he can scarcely make the improvements in the Lisbon-East Liverpool de-our demanded by the county commissioners.

At this week's commissioners meeting a delegation from the East Liverpool Automobile club pointed out the detour is so dusty motorists are forced to stop after passing another car because of the clouds of dust. They wanted the county to do something—oil it or sprinkle it.

The commissioners should be done. Commissioner Patrick McNicol especially asserted that the detour was a disgrace, that its improvement had been ordered long ago and that it was up to the county engineer to go to action.

County Engineer Kirk happened to be in the room during part of the discussion. He took animated part in it. "I'll admit it could be better," he said, "but how are we going to do it? We've already dragged and scraped the road for two-way traffic. We need more men if we're going to do anything more."

The commissioners intimated that they were not particularly interested in that phase of the question.

"There isn't a highway so much traveled in the county," said Commissioner McNicol, "besides which it is the only road from this direction into East Liverpool."

"We've got other things to do, too," countered Kirk. "We've got bridges to fix, as well as the money would come from to oil the detour was briefly discussed by the board, one of whose members thought the automobile clubs of the county ought to contribute toward the expense. W. T. McNair, president of the East Liverpool club, however, said that funds for this were lacking in his organization, although many of the members personally would be only too glad to help."

In the end, County Engineer Kirk was asked to give an estimate on the cost of oiling the four miles of dirt road and the auditor's office was ordered to advertise for bids for the job. Meanwhile there remains the question of manpower.

"It's great to decide what ought to be done," admits Kirk with a wry smile, "but—"

So if you know of a crew at large—tell it to Kirk.

POULTRY RAISERS TO TOUR COUNTY

Columbiana, July 12.—Poultry raisers of Columbiana county will gather Friday at the home of Harvey Reash, two miles east of here. The poultry men will start early in the morning. At the Reash home, they will hear lectures on poultry by Ohio authorities, following which lunch will be served.

In the afternoon the raisers will make a tour of the county, visiting farms where high-grade poultry are being raised. C. S. Vickers, poultry specialist of Ohio State university, will accompany the men on the trip.

These Watches Real Antiques.

A watch that is 200 years old has every right to be called an antique. But a watch that was an antique at the time of the French Revolution and was well past the century mark when Louis XIV was adorning himself in setins, silks and velvets, that watch today is an antique in every sense of the word. Two such watches are owned by a man in Newark, N. J. They are French watches and both about 350 years old. When the Pilgrims set sail for America those timepieces were ticking away in French waistcoats, perhaps the pride of some village time-keeper of affluence.

ness session with installation of offi-
cers.

The officers installed are: Dr. H. S.
Barrows, Cleveland, grand patriarch;
Riley Miller, Dayton, grand high
priest; H. M. Krumlauf, Canton, sen-
ior warden; A. L. Thomas, Newark,
junior warden; Frank C. Garrett, Day-
ton, scribe; and W. J. Emmons, Lima,

A. McBane of East Liverpool, a
past grand patriarch, was re-elected
trustee of the grand encampment.
Charters were granted for new subor-
dinate encampments at Derby, Pick-
way county, and Greentown, Stark
county.

Because of a change in by-laws, the
convention city for 1924 was not se-
lected. It will be chosen by Grand Pa-
triarh Barrows and his staff.

Most of the delegates remained
here last night for the closing event,
an entertainment, with vaudeville
acts, motion pictures and dancing at
Moses hall.

stitution and "clean house" she said
today.

"The disloyal officers and em-

go if I return," she declared.

COURT NEWS

COURT ENTRIES

The following entries were made in
cases submitted to Judge J. G. Moore
in common pleas court Monday.

In the petition of the African M.
E. church of Wellsville asking for
permission to encumber their property
for the purpose of remodeling
church building, the court has ap-
proved and confirmed the report of
the trustees of the church in regard
to its financial condition.

In two cases brought by J. S. Fal-
loon of Hanover one against Perry
Whitaker and the other against J. S.
Baxter, both of Hanover, the court
has dismissed both actions at the
costs of the plaintiff.

Sues For Commission

Wm. Wickham, of Prairie Depot, O.,
has entered suit in common pleas
court against Mr. and Mrs. J. C. Fel-
lers of near Lisbon, to secure a com-
mission of a sale of a certain farm
in Hancock county. The plaintiff al-
leges that he was given the con-
tract for selling the farm and while
it was still in force it was sold by
another real estate agency. Fellers
has since refused to pay Wickham
the commission which amounts to
\$500 and the suit is the result of this
refusal. A copy of the contract made
by the parties is a part of the plain-
tiff's petition.

repair shop.

In 1888 he moved to Damascus
where he built a home for his family.
Early in his boyhood he abandoned
the Wilbur Friends creed for the
Methodist church of which he is a
faithful worshiper.

On May 13, 1922, Mr. and Mrs.
Cameron celebrated their golden
wedding anniversary. Mr. Cameron
during his early career built a num-
ber of the finer residence properties
in Damascus. He is now suffering
from the effects of ill health.

George Bailey

George Bailey, 78, is third on the
list. He was born in Buck county,
Pa. in 1845 and when a lad of seven
years was left an orphan.

He was sent out on bond to work
for his clothing and food and at 16
enlisted in the Second Pennsylvania
Cavalry, serving for three years.

A short time after his part in ac-
tive service he was taken prisoner
by the "guerrillas" and held in a war
prison for nine days when he was
released in exchange for a southern
prisoner.

In 1864 the veteran moved to Da-
mascus and has lived there since.
He was a carpenter by trade and is
at present in ill health. He is of the
Gurney Friends denomination.

Jesse Edgerton

Jesse Edgerton, 78, declares that he
and George Bailey are twins in spite
of the fact that they were born of
different parentage and in different
states. They are very close friends.

Mr. Edgerton was born in 1845
near Barnesville. He was superin-
tendent of the Barnesville boarding
school for five years and ever since
completing his schooling has been a
school teacher.

In 1906 he moved to Damascus
leaving Barnesville because of his
wife's illness. Mr. Edgerton has
written numerous poems but recent-
ly has abandoned work because of
a heart affliction.

Mr. Edgerton is an active member
of the Wilbur Friends church and
upon occasion acts as spokesman or
minister for the congregation.

Mrs. Charles Dewees

Mrs. Dewees, who is 47 years of
age, is included in this annual event
because her birthday coincides with
the others, not because she has
reached their ripe old age. She too
is a resident of Damascus and a
member of the Wilbur Friends
church.

CHECK HAY FEVER IN ITS INCIPIENCY

Season Soon Here—Now Is Time To
Take Kerker's Asthma And Hay
Fever Remedy

The dread Hay Fever season is
near at hand.

The most effective way to combat it
is to check it before it gets fully under
way. Now is the time to do it.

Either as a preventative or in the
treatment of Hay Fever after it gets
under way, KERKER'S ASTHMA
AND HAY FEVER PREPARATION
cannot be beaten.

This preparation, sold on a guaran-
tee at \$1 a bottle, is sold by The J. H.

Don't Shortweight Yourself!

"I wouldn't let my grocer guess how heavy a pound is—
not when I was paying."

But if it weren't for the standards established by the
Bureau of Standards and the regular inspection of scales and
measures, you would go right on paying without knowing
whether you were cheated or not.

Guessing and paying—just as you do with your eyesight.
For there is an eyesight standard too. An eye-examination is
the standard for normal effective eyesight.

No comparison with what your friends see at the same
distance will do anything but mislead you. You cannot see
through their eyes nor they through yours. But there are ex-
perts in your town who by examining your sight can tell if
it is up to standard and if not, they can prescribe glasses
to bring it up to standard. Test with the one standard that
can tell you the truth. Have your eyes examined now!

How Backache and Periodic Pains Yield to Lydia E. Pinkham's Vegetable Compound

Olean, N. Y. — "Every month my blood would go to my head and I would have such a headache, nosebleed, backache and pains that I could not do my work. At night I could not get my rest and nothing seemed to do me any good. I read some of your testimonials about what Lydia E. Pinkham's Vegetable Compound had done for others, so I decided to try it. I had only taken two bottles when I began to be better, and my back did not hurt me nor my head ache. I felt like a new woman. The Vegetable Compound is a splendid medicine and I will always recommend it."—Mrs. A. D. EARLS, 630 N. 5th St., Olean, N. Y.

Mrs. Kelsey adds her Testimony
Copenhagen, N. Y. — "I read your advertisement in the papers and my husband induced me to take Lydia E. Pinkham's Vegetable Compound to get relief from pains and weakness. I was so weak that I could not walk at times. Now I can do my housework and help my husband out doors, too. I am willing for you to publish this letter if you think it will help others."—Mrs. HERBERT KELSEY, R.F.D., Copenhagen, N. Y.

The real reason for buying Columbias

—they last longer

The largest laboratory, devoted to dry cell research, experiments continuously to make them "last longer." Columbia Hot Shot or Columbia Igniters are "right" for your needs. That's why people have the habit of asking for Columbias.

Columbia Dry Batteries for all purposes are sold by hardware and general stores, electrical and auto supply shops, garages and implement dealers.

ROTARIANS ROTATE AROUND BASES AS KIWANIS FOLLOW

The Rotary and Kiwanis baseball teams held their first set-to of the season at Reilly field Wednesday afternoon and with much less of breath and strenuous exertion Captain Lowell's Rotarians emerged victorious from the smoke and nice rich Ohio mud—of battle.

The sad news to the Kiwanians was 6 to 5. The score makes it appear a tight game. But scores are misleading at times. It seemed that the team which was able to run fastest when on the bags tallied the most runs and that's about all there is to it.

But the spectators were not the only ones who enjoyed the game which wasn't entirely a burlesque on how the national pastime should be played. All participants thoroughly enjoyed it and there will be so many stiff joints and hoarse voices the rest of the week.

To get to the actual facts of the struggle, the scorer tallied seven hits for the victors and eight for the Kiwanians.

Albert Lease, the Kiwanian hurler, got the longest hit of the game. It was a three bagger that sailed far over the head of "Judge" Harman, the trusty guardian of the left yard. But Lease overran third in the last frame and spoiled his previous work as it looked in the last inning that at least one more run, tying the score, would be presented to the Kiwanians.

Behind the eagle eye of Pitcher Lease a neat play was unveiled by the crafty Rotarians. It happened in the wild second inning Bryan was on the initial sack with Harman resting on second. The signal mysteriously flashed. A double steal was pulled before anyone knew what had happened. Harman going to third and Bryan to second. In order that their misdeeds will not be known by posterity we will not relate how many errors each "player" was charged with.

The identity of the participating culprits is as follows:

Rotary—Jim Pidgeon 1b.; Norm Reich and Frank Sebring, 2b.; Harold Brian 3b.; Rorhabaugh p.; Lowell (Capt.) c.; Harman H.; Clyde Bryan ss.; Will Mathews rf.; Charles C. Bourne, cf.

Kiwanis—Bob Wright ss.; Veech and Tolerton 2b.; Charles Kennedy 3b.; Lease, p.; Harwood c.; Holwick 1b.; Huffman rf.; Charles Hald cf.; Bill Kaminsky (Capt.) and C. Sweeney M.

AGE MEETS YOUTH IN RING TONIGHT

Willard Confident Despite Seven To Five Odds On Firpo.

New York, July 11.—Age huris its challenge to youth here tonight. Jess Willard meets his Angel Firpo in Tex Rickard's theater of swat on the Jersey side of the Hudson. Willard is 41, Firpo 26.

Both are mountains of muscle. Both have trained hard and faithfully.

To the winner will go the chance to meet Jack Dempsey for the world's heavyweight championship.

Willard will weigh about 242 pounds. Firpo tips the beam at 214. Both fighters are confident.

"I never had a better in my life—as for my training condition, let my trainer talk," Willard said today.

"Jess will win—I'm sayin' that from my heart," Jack Shelly, Willard's trainer, predicted. "Jess is smarter than ever before. He has learned a fighter has to train. He is faster than any day in his fighting life. Jess has a punch in either hand—a mighty wallop."

At Firpo's camp, the greatest optimism prevailed.

"The odds are on Firpo 7 to 5 because the wise ones know he is going to win," Jimmy DeForest, shrewd little trainer of the South American, declared.

"Firpo has found his left hand—that's all he ever needed. He's fit—has the confidence of youth, the power to punch with his right as no other man in the world can punch and can take a sock from anybody."

The fight is scheduled to go 12 rounds.

If both men are on their feet at the finish the only decision will be what the newspapers say.

MASONS TO PLAY A BENEFIT GAME

Salem Masons will play the Lisbon Masonic team at Lisbon Saturday. The game is scheduled for 3:30 at the fair grounds.

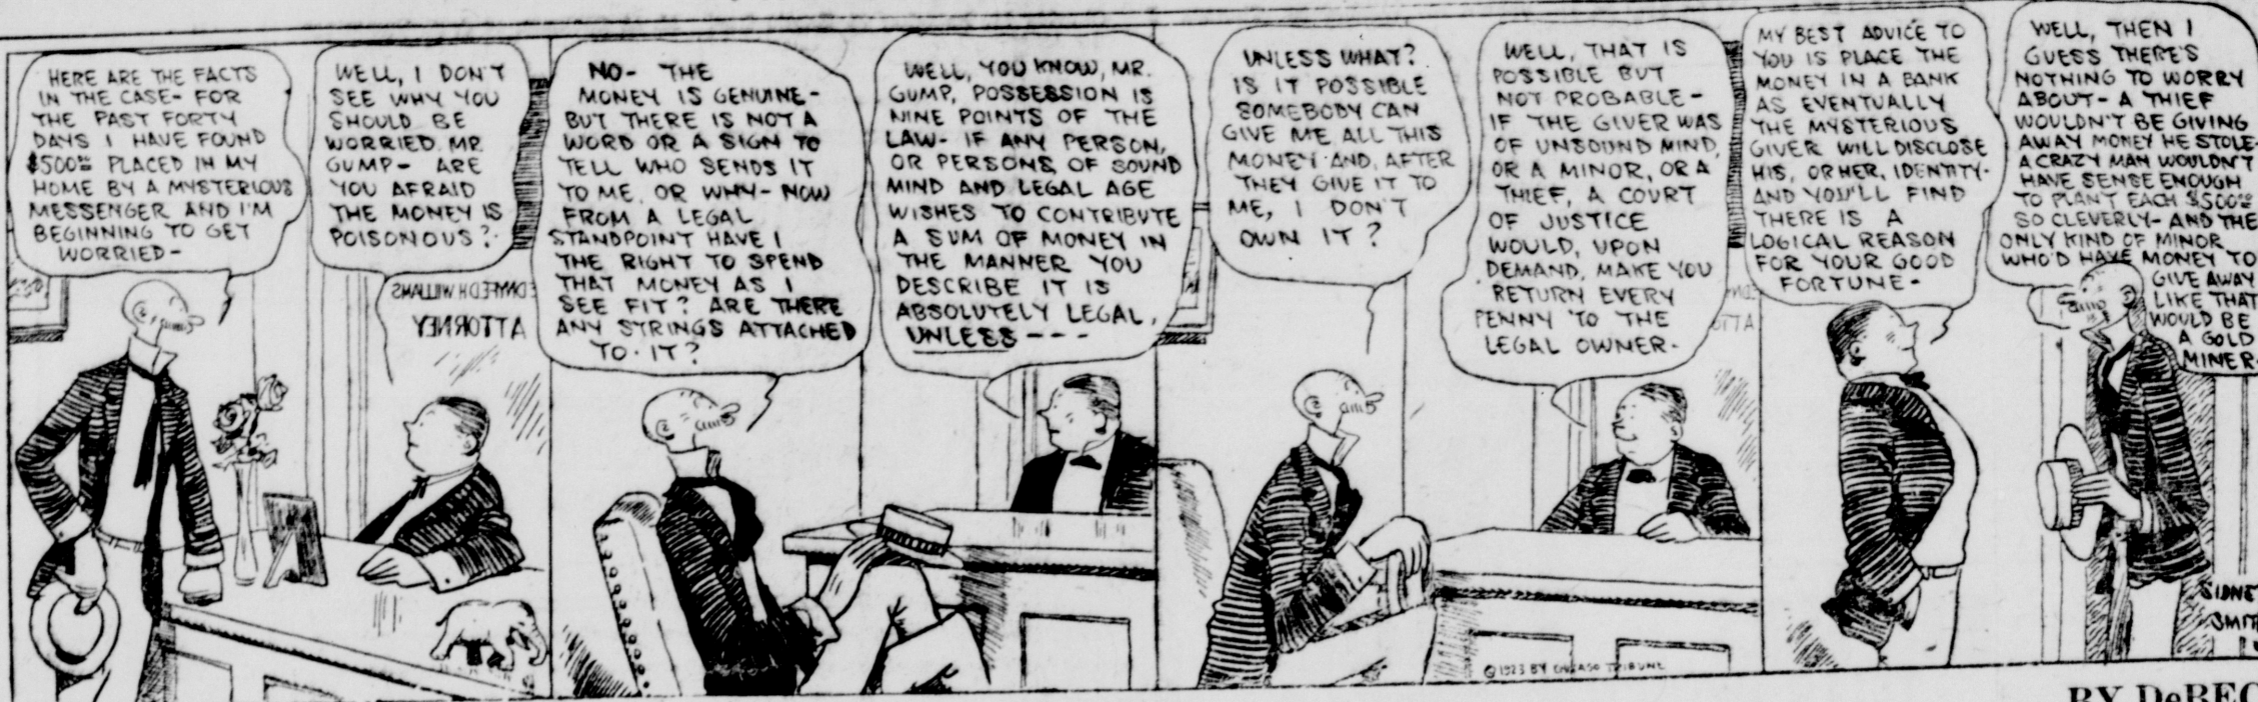

The county seat squad has defeated the Salem team twice this season, once at Lisbon and once here. For that reason the Salem team will be out in their war paint to take the last game of the series which is a benefit game for the Fresh Air camp for children and the Lisbon Boy Scouts.

Saunders will probably be on the mound for Salem, with Green hurling for Lisbon.

A large delegation of rooters will accompany the team and an extra large crowd is expected because it is a benefit game.

Sometime

THE GREAT temple was finished. As it was being applauded, the king pulled aside a curtain and exclaimed: "Behold the ironmaster! To him should be given the credit, for he, not I, is the builder."

And so, too, sometime, when the curtain is lifted—when people understand—the plumber will be hailed as the advance guard of civilization.

He is that and more. He is the preserver of civilization.

For there can be no civilization where there is no running water.

Moses, the world's first sanitarian, understood this. And he taught his people to stay close to the swiftly running streams.

But with the coming of the plumber people could go where they liked—away from rivers and lakes—high in the air—anywhere.

With his pipes the plumber carries running water into every building of every kind; he carries away every disease-laden waste of every kind.

And the two—running water into the buildings and running water out of buildings—have pushed civilization forward and given the world better health and more happiness.

Sometime the people will understand all this. Then the plumber will stand forth—will be crowned for what he is, as was the ironmaster of old. Aye, all this will happen—

Sometime.

Things to Know About Our Service

More Light for Less Money

Turn out two-thirds of the electric lights in your home. At once you carry yourself back ten years. At that time you paid just as much for the remaining light as you now pay for all your light!

Then think back twenty years to the early days of the carbon lamp ("bulb"). So inefficient were these lamps that if we still used them today to produce the amount of light we're accustomed to having, the country's annual electric bill would be one and a half billion dollars higher than it is. Think what a lot of money to save!

Since the days of bustles and Victoria carriages, practically all living costs show huge increases. Electricity has just as steadily decreased in cost. And every year research and experiments by the electrical industry will continue to give you more light for less money.

BIG CHERRY CROP BRINGS TOP PRICES

Growers Near Columbiana Find Difficulty In Getting Pickers.

Columbiana, July 12.—Cherries have been a heavy crop this season in Fairfield township. There has been some difficulty experienced by growers in getting help to gather the fruit. Sweet cherries of the various varieties were generally good, and brought top prices this season. The Early Richmond and Red Merilla among the tart varieties not only produced well but have found a ready market.

Prices have ranged locally from 11 to 25 cents a quart. Local hucksters marketed their fruit in Youngstown and Warren and a few trucked their stock to Pittsburgh.
